## Bpifrance acquired 2.2% of Worldline's capital from Atos

Paris, February 4th, 2020 – Bpifrance announces that it has acquired 4 million Worldline shares, representing 2.2% of the company's share capital, through a private placement by Atos, and confirms its intention to become a reference shareholder of the company.

Worldline is the European leader in the payment services, present in more than 30 countries, experiencing an exceptional growth trajectory both organically and through acquisitions.

Bpifrance fully supports the acquisition of Ingenico by Worldline, which should create a French and European global player in the fast-growing market of electronic and digital payments. In this context, Bpifrance has committed to tender its Ingenico shares to Worldline's public offer.

Bpifrance considers increasing its shareholding in Worldline, depending on market conditions, to a level close to its current shareholding in Ingenico, and to become a reference shareholder of Worldline represented on the Board of Directors.

### About Bpifrance

Bpifrance is the French national investment bank: it finances businesses – at every stage of their development – through loans, guarantees, equity investments and export insurances. Bpifrance also provides extra financial services (training, consultancy...) to help entrepreneurs meet their challenges (innovation, export...).
